

## Quality Policy

The Wave Marine top management, a company dedicated to providing lifeboats and davits inspection and maintenance services and firefighting equipment inspection services, take the following commitments:

- To ensure the customer retention and stakeholders satisfaction, as well as complying with the requirements of the services stipulated by the manufacturers and the IMO resolutions;
- To ensure a specialized service for the specific needs of each client with the lowest cost;
- To identify, to evaluate and to control risks for business management, as well as improve opportunities;
- To continuously improve the effectiveness of the management quality system in accordance with the requirements of EN ISO 9001:2015;
- To keep good relationships with all stakeholders;
- Provide excellent services;
- To foster dedication and professionalism as the key to the development of Wave Marine's business.
